

## SHIRTOLOGY!

The word is new, but the subject it suggests is old. Shirtology, the science of shirts. Every man who has rested with a shirt that was continually gouging him under the chin or rearing up the back of his neck, has devoutly wished there was such a thing as shirtology and that no one would be allowed to make Shirts until he had graduated in the science. Some of the shirts we handle are perfect in every way—fit, style, making and durability; others we handle are not because the price won't justify it.

Gates, of Nashville, was tried in that city this week and given seven years in the pen. After Ross had been arrested he was kept in the calaboose here for a few days, and was then taken back to Nashville. He was released on bond and when the case was called for trial he failed to appear and a forfeiture was taken against his bondsman. He was traced to Chicago, but escaped and was finally recaptured in Birmingham.

Tried to Commit Suicide.

Wm Harrison, a miner employed at Morton's Gap, tried to exterminate his family with a shot gun and then shot himself with suicidal intent.

The bullet went through his left breast and lodged in his back near the shoulder blade. He was found in the woods suffering greatly from the wound.

He went home one day last week, and while in a fit of anger tried to shoot his wife, his father-in-law, who was trying to protect her, and a neighbor. He shot at his father-in-law, but the bullet flew wide of the mark. His wife fled, and he fired at her as she ran, but both shots missed her. Officers were sent for, but Harrison had managed in some way to get away. When found he was taken to Madisonville and tried on a charge of lunacy, but the jury thought his mind could be restored by proper treatment and refused to commit him to the asylum.

It is said jealousy of his wife prompted the deed.

Two Prominent Planters Dead.

Trenton, Ky., April 13.—Mr. E. A. Johnson, a prominent farmer and good citizen living four miles northeast of Trenton, was stricken with paralysis on Friday morning and died yesterday. Mr. Johnson was 65 years of age, a member of the Christian church and had lived in this community all his life.

Mr. William M. Bell, a wealthy farmer living in the Bell's Chapel neighborhood, aged 57 years, died last night of blood poisoning. For 35 years Mr. Bell has been on the bed of affliction, having received at that time an injury, which caused paralysis of his lower limbs. He has borne his afflictions with Christian fortitude.

Rev. Lowry, of Little Rock, Ark., has been conducting a revival meeting at the M. E. church here since the first of the month. He is simply a wonderful preacher and has accomplished much good at this place. There have been some 30 conversions, many of them our most prominent citizens. The meeting is still in progress.

Another Pearl Bryan Case.

Mt. Vernon, Ill., April 12.—Boys passing through some woodland five miles northwest of this city Sunday found a woman's head lying near the public road leading from Mt. Vernon to Richview. They reported their discovery and a party was organized for a search for the body. It was found 200 yards from where the head lay, with the flesh stripped from the bones, both the trunk and head being so badly decomposed as to render recognition impossible.

The testimony at the inquest went to prove the body was that of a woman who had been in that locality early last November. She refused to divulge her name, but said her home was at Carmi, Ill., and that she was going to St. Louis. The theory is that another murder like that of Pearl Bryan has been committed. It is said a suspected party left the country about the date of the woman's disappearance.

James B. Angell, of Michigan, was nominated to be United States Minister to Turkey.

"DUMMY" M'COMBS HURT.

Both Feet Cut Off By An L. & N. Freight Tuesday Night.

Parker McCombs, a colored barber, was struck by a freight train while walking on the L. & N. track near the First Street crossing Tuesday night. McCombs is a deaf mute, and while watching for a train in front was struck from behind by the freight and thrown down. The wheels passed over his feet, cutting them both off above the ankles. Dr. Blakey was called in and amputated the limbs below the knees.

"Dummy," as he is called, wrote a statement of the way it occurred. Yesterday afternoon he was doing very well and will recover. He is a very large heavy man about 30 years old, and his other infirmities will make him very helpless without feet. Some years ago he killed another negro, for which he served a term in the penitentiary, where he learned the barber's trade. He was employed by Wm. Yates, at the Phoenix Hotel shop.

The Senatorial Deadlock.

Frankfort, Ky., April 14.—Seven ballots were taken to-day without change in the senatorial situation.

The vote stood: Hunter 61, Blackburn 44, Martin 12, Boyle 6, Stone 1; necessary to a choice 63.

During the sixth ballot Representative Lyons, the Hunter leader, went over to Senator Clark and began talking to him. Clark asked him some questions. Lyons answered him facetiously, and Clark jumped up and started to knock him down. Lyons jumped back, and Clark was caught by members around him.

The Lieutenant Governor called for the Sergeant-at-Arms "to arrest those men at once." Sommers took him at his word, and began pulling Lyons along toward the aisle, when mutual friends explained that Mr. Lyons never intended to make trouble.

When the roll call was done, Mr. Goebel said some confusion had resulted because of the "scrap" and he wanted a recapitulation of the vote.

After one more ballot, the anti-Hunter people voted to adjourn.

Assignment at Clarksville.

Clarksville, April 13.—L. L. Tapp, groceries, hardware and queensware, who removed to this city from Madisonville, Ky., a month or two ago, made an assignment to H. C. Merritt this morning. His stock is estimated to be worth \$2,000. The liabilities amount to \$1,054.58, not including a claim made by Mrs. S. L. Bowling of \$550, of which \$450 is disputed by Tapp, and his attorney's fees. The principal creditors are the Bement & Seitz Co., of Evansville, Ind., for \$700, and Louis Ikenbos & Son, for \$163.02.

The house on Tuesday passed two important revenue bills, one providing for the issue of interest-bearing warrants and the other raising the tax rate from 42½ cents to 52½ cents. The latter bill provides that the rate shall be 52½ cents for three years, and after that time shall be 47½ cents. The additional ten cents is to go to the fund for general expenditures, no change being made in the levy for schools, Sinking Fund and the A. and M. College.

Following this meeting the reception by the "As You Like It Club" and the "Bachelor Maids" was given at Hotel Latham. This was attended by about two hundred people and was in every way a success.
